Product Features

Aiptek3D Digital Photo Frame P1 is part of the new Aiptek 3D product line with camcorders, digital photo frames and webcams.
With Aiptek 3D Digital Photo Frame P1 you can enjoy your 3D videos & picture on a great 8” display wherever you are. Thanks to big 1GB internal memory and embedded battery P1 is a great companion to view 3D pictures without glasses. Illuminated touch keys make the products easy to use and keep it elegant in all environments. But also the 2D content can be displayed in 3D by using automatically 2D to 3D engine inside the Digital Photo Frame P1.

- 8” 3D digital picture frame for displaying 3D video and 3D still image without special glasses
- Automatic 2D to 3D converting engine inside
- Parallax barrier 3D technology provides high resolution performance
- Playback Aiptek 3D video in H.264 format
- Auto slideshow with MP3 music in background
- Easy to use thanks to new and intuitive user interface (UI)
- Illuminated touch keys
- Internal battery for mobile use
- Compatible with USB flash drives and SD/SDHC/MMC cards up to 32GB
- Incl. Remote control
